S.No	Name of the firm	RCO terms & Conditions	Suggestion/Queries	Committees Decision
01	M/s Ira Agrotech and research pvt ltd	Last date of submission of offer or closing of bid -21.09.23	Extension of last date of submission of the bid	The date last date of submission of the bid or closing of bid is extended as upto 29.09.23, the time remains unchanged. opening of technical bid will be on 29.09.23 time remains unchanged.
02	M/s Texel Industries ltd	The firm (having PAN and GSTN) using manufacturing facility developed by CIPET will be eligible to participate in RCO. To ensure eligibility the firm has to produce letter of CIPET endorsed to this corporation stating that the firm is utilising manufacturing facility developed by CIPET for production of items as mentioned (details of items should be mentioned in the letter).	CIPET officials do not visit any production unit their responsibility is to conduct testing for the particular sample submitted to them as per its BIS standards. The will not issue any such letter to us.	Annexure 4 eligibility clause number 4 is hereby cancelled or discontinued. the clause number 3 for agro textile flexible water storage tank (item no 7) is hereby cancelled or discontinued.
3	M/s Vishal Plastics	In case of Bio Degradable offerer has to submit test report not older than 5 year from the date of submission of RCO regarding Bio degradation as per ISO 15985:2004 (Plastic identification, Determination of the ultimate anaerobic biodegradation and disintegration under high-solids anaerobic-digestion conditions) Issued by Indian Packaging Institute / CIPET or NABL Recognized Lab. As this test may take min 3 months thus offerer who have submitted samples to labs for testing well before due date of submission of RCO, may upload relative proof of submission of samples. Offers have to submit Final test report before agreement.	Nursery poly bags - non degradable previously the test report were issued by CIPET as per your given parameters but from 01.04.23 CIPET will not test any material below 120 micron as per environment ministry guidelines.	In case the CIPET do not undertake the testing of such sample only then the test can be done from NABL laboratory and its test report to be submitted in this Corporation will be acceptable. Fro biodegradable bags test as per ISO 17556 is acceptable
