**DISCLAIMER & ABBREVIATIONS, DEFINITIONS AND
INTERPRETATION**

A. DISCLAIMER:

1. The information contained in this RCO Document has been prepared solely for the purpose of providing information to the interested parties, and is not in any way binding on MP AGRO.
2. By accessing this RCO Document, prospective Bidder agrees that MP AGRO will not be liable for any direct or indirect loss arising from the use of the information and the material contained in this RCO Document.
3. Prospective Bidder's access to the information does not imply a license to reproduce and / or distribute information contained therein and Bidder not allowed to any such act without the prior written approval of MP AGRO.
4. In case any prospective Bidder finds any discrepancy or omission in any part of the RCO Document and/or the bidder has any doubt to its meaning, the bidder should notify the same to MP AGRO through post or email at least 5 days prior to the date of opening of RCO. MP AGRO cannot be held liable for the delay in receipt of such suggestions/information. MP AGRO may clarify and send instruction to all bidders for correction through portal / Website, if necessary. However, it does not entitle the bidder to seek any extension of the opening date of RCO.
5. Information received against any discrepancy (up to prescribed date and time as mentioned above) will be examined and, if any amendments required, the same will be uploaded as Corrigendum with RCO document. If no amendments are required, the Bidder will have no right to raise any objection.
6. It shall be understood that every endeavor has been made to avoid any error which can materially affect the basis of the RCO and All bidder shall take upon himself and provide for the risk of any error which may subsequently be discovered and shall make no subsequent claim on account thereof.
7. The submission of RCO will be deemed to imply that the Bidder fully understands the scope of work involved and has read and understood all conditions of the RCO document as well as his liabilities and responsibilities in respect of the RCO.
8. The Corporation reserves the right to reject any or all of the offers submitted in response to this RCO at any stage without assigning any reasons whatsoever.
9. The Corporation also reserves the right to change any or all the provisions of this RCO. Such changes would be intimated to prospective bidders through above website only.

B. ABBREVIATIONS, DEFINITIONS AND INTERPRETATION

01. The Corporation/MP AGRO means M.P. State Agro Industries Development Corporation Ltd.
02. Beneficiary/Consignee means the person/department wish to purchase the items through this Corporation.
03. Application forms/the document means Application forms and all other relevant annexure/documents
04. Applicant/Bidder/firm means the manufacturer who submits RCO agreeing all the terms and conditions of the RCO for supply of Items as per RCO document and the supply order.
05. EMD means Earnest Money Deposit and SD means Security Deposit.
06. Managing Director means the Competent Authority of MP State Agro Industries Development Corporation Ltd Bhopal to take decision for this RCO.
07. RCO means - Rate Contract Offer

(V) Exemption for Turn over

The offerers who will participate only in MANUALLY OPERATED AND BULLOCK DRAWN IMPLEMENTS Shown in ANNEXURE - IV (B) (I) from serial number 1-19, are Exempted for Turnover.

(B) MINIMUM TECHNICAL SPECIFICATION OF MANUALLY OPERATED AND BULLOCK DRAWN IMPLEMENTS:

<u>(I) BULLOCK-DRAWN IMPLEMENTS :-</u>	<u>MANUALLY OPERATED IMPLEMENT</u>
1. AUTOMATIC SEED CUM FERTI. DRILL (3-FURROW)	17.GRAIN BINS (10 QTLS)
2. SINGLE DORA	18. 16.GRAIN BINS (12 QTL)
3. BUND FORMER	19. 16.GRAIN BINS (20 QTL)
4. MULTI TOOL FRAME	20. PORTABLE SOLID BIO MASS COOK STOVE (CHULHA) ISI MARKED
5. REVERSIBLE PLOUGH	
6. NIMADI PANJI DHAL	<u>(II) MANUALLY OPERATED IMPLEMENT :-</u>
7. IMPROVED NIMAR (KHARGONE) HAL	21. WINNOWER FAN (I)
<u>MANUALLY OPERATED IMPLEMENT</u>	22. WINNOWER FAN (II)
8.MAIZE SHELLER	23. LOW.LIFT.PUMP (HAND OPERATED)
9.SERRATED SICKLE	24. LOW.LIFT.PUMP (PEDAL)
10.SOYA WEEDER	25. MANUALLY OPERATED CHAFF CUTTER (ISI MARKED) IS (7898: 2001)
11.G.N. DECORTICATOR	26. MANUALLY OPERATED CHAFF CUTTER (NON ISI MARKED)
12.HAND WHEEL HOW CYCLE TYPE	27. SPIRAL SEED GRADER (7 DISC)
13.SEED TREATMENT DRUM	
14.CONO WEEDER	
15.MULTI WEEDER	
16.GRAIN BINS (5 QTL)	

- 1- **Bullock-drawn Automatic Seed cum Fertilizer Drill (3 Furrows) – CIAE Type** : Bullock drawn automatic seed cum fertilizer drill (3 furrows) CIAE Type is made out of Iron and Steel and can be pulled/operated by a pair of bullocks. The over all dimension of automatic seed cum fertilizer drill is 852 mm height x 992 mm width x 1140 mm length, approximate weight 50kg, suitable for sowing of crops i.e. Wheat, Gram, Soyabean, Mustard, Maize, etc. The design, dimension and the material of all the components, i.e. Alluminium body fluted roller, drive chains, sprocket, drive wheel, seed box (20 gauge GP sheet), fertilizer box (20 gauge GP sheet) furrow opener etc. used for making for automatic seed drill should be conforming to parameters of these items approved by CIAE, Nabibag, Bhopal.
- 2- **Bullock drawn Single Dora (Malwa Type)**: Bullock drawn single Dora (Malwa type) is made up of Iron and Steel material i.e. MS pipe 80mm, cutting blade (pans), handle pipe 32mm and Frame of MS Angle etc. whole assembly is mounted on frame and can be pulled by a pair of Bullock. Approximate weight is 7kg. This implement is suitable for conducting weeding operation of cotton, maize and other crops. The design, dimension and material of all components of single Dora should be as per details given in the drawing and specifications.
- 3- **Bullock drawn Bund Former with Foot rest**: Bullock drawn Bund Former is made up of 2 adjustable forming board (MS sheet 3.15mm) attached to braces (front & rear) (made of MS flat 50x5mm) Frame (flat 50x5mm) Handle (MS pipe 30mm), having foot rest (MS sheet 3.15mm), etc. Whole assembly is mounted on frame and can be pulled by a pair of Bullock. The overall dimension: 1000mm x 865mm x 800mm. Approximate weight is 21kg. Bund Former is used for making bunds for irrigation purpose in various crops, i.e. Wheat, Potato, Nustard etc. The design, dimension and iron an steel materials of all components of Bund Former should be as per the details given in the drawing and specification.
- 4- **Bullock drawn Multi Toolbar Frame (Carrier)**: Multi toolbar frame (carrier) is a set of common frame (toolbar carrier unit) having detachable bullock drawn implements/tools i.e. (a) Bakhar (b) 2/3 Furrow seed drill (c) Mini cultivator (d) Plough & Ridger three type (f) Dora Weeder (double) along with suitable frame with accessories (approximate weight 50kg) . The design, dimension and material of all components of Multi Tool Frame Implements/Tools should be as per details given in the drawing and specification. The implement can perform all cultivation operation.
- 5- **Reversible Plough (Bullock drawn)**: It is a 2 bottom reversible plough bullock drawn type. It is used for continuous plough purposes. The continuous plough operation can be performed by using another set of plough bottoms in doing end to end field operations. The overall dimension of reversible plough is 890mm H x 1570mm L x 620mm W, approximate weight 30.8kg. The design, dimension and material of all components of Reversible Plough should be as per details given in the drawing and specifications.

6- Specification of Bullock Drawn Nimadi Panji Dhall:

no	Name of Component	Qty	LxWxH cm	Weight	remark
1	Panji frame (with beam)	1 nos	40x6x0.5	17.300 kg	
2	Panji	3 nos	34x32x0.30	14.100 kg	4.700 kg
3	Tynes support	2 nos	(30+100)x6x1	3.400 kg	1700 kg
4	pass	1 nos	75x6.5x0.5	3.000 nos	
5	Dhall Blade	2 nos		6.000 kg	3.000 kg per nos
6	Gripper	1 nos	60 cm	1.300 kg	
7	Spanner	1 nos			18- 22 gm
		11 nos		45.100 kg	

7- Specification of Bullock Drawn Improved Nimar (khargone) HAL

No	Name of Component	Qty	Weight	Material
1	Base Support	1	1.682 kg	Steel Mild
2	Base Plate	1	1.678 kg	Steel Mild
3	Base Rec pipe	1	0.646 kg	Steel Mild
4	Base Strip without Hole	1	0.120 kg	Steel Mild
5	Base Strip with Hole	1	1.113 kg	Steel Mild
6	Base inclined Pipe	1	0.078 kg	Steel Mild
7	Blade	1	0.851 kg	Steel Mild
8	Base Beam Link	2	0.269 kg	Steel Mild
9	Base Handle Link	2	1.494 kg	Steel Mild
10	Handle Beam Link	2	0.857 kg	Steel Mild
No	Name of Component	Qty	Weight	Material
11	Handle Support Plate	4	0.030 kg	Steel Mild
12	Funnel Pipe	1	0.592 kg	Stainless Steel
13	Funnel	1	0.041 kg	ABS Plastic
14	Handle Pipe	1	0.216 kg	Steel Mild
15	Handle Support Plate 2	1	0.069 kg	Steel Mild
16	Beam	1	7.010 kg	Steel Mild
17	Handle Guide Strip	1	0.045 kg	Steel Mild

- 8- Specification of Hand Operated Octagonal Maize Sheller:** The CIAE type powder coated Octagonal Maize Sheller is made up of 20 guage M.S. Sheet. It consist of 4 MS sheet pieces which are suitably bent to form Octagonal shape and one inside end have taper edge (17mm to 11mm) called inbuilt fin. These 4 pieces are riveted by 4 pairs of 2 rivets at suitable dinstance to form octagonal shape. Overall dimension is 72x63x58mm, approximate weight 200grams. The design, dimension and the material of components of Maize Sheller should be conforming to the parameters approved by CIAE, Nabibag, Bhopal.

- 9- Specification of Serrated Sickle:** Hand operated serrated sickle made out of taper forged imported steel having carbon 0.55 % having teathed in the inner ide of the blade for efficient friction cutting action and the teeth are hardened to 50-55 HRC with handle made out of hard seasoned wood duly polished by anti-corrosive paint and suly packed in the corrugated box, approximate weight 250gm, excluding the packing.

10- Manually Operated Soybean Weeder: Manually operated soybean weeder is made up of Iron & steel having 2 wheels, axle, type assembly and cutting blade made up of MS Rod and Steel material. Whole assembly is mounted on frame of MS Angle and can be pulled through handle pipe made out of 25mm MS pipe. The overall dimension is 107cm x 188cm x 58cm., approximate weight is 5.25kg. This implement is suitable for conducting weeding operation of soybean crop. The design, dimension and material of all components of Soybean Weeder should be as per details given in the drawing and specification

11- Hand Operated Ground Nut Decorticator : Manually operated Ground Nut Decorticator is made up of Iron & Steel material having 3 cast iron shoes, 1 M.S. Sieve, oscillating arm & handle, M.S. axle and C.R. sheet etc. Whole assembly is fitted on a frame made out of M.S. angle 25x25x3mm, Flat 25x5, 12x3 and M.S. Rod 10mm. The overall dimension: 1090mm x 500mm x 250mm and approximate weight is 14 Kg. This implement is suitable for decortication of Ground Nut crop which crushes & removes upper shell (layer) of ground nut and separates nuts from ground nut crop through sieve. The design, dimension and material of all components of Ground Nut Decorticator should be as per details given in the drawing and specification.

12- Hand Wheel How Cycle Type:

S.No.	Name of part	Material	Size in mm	Qty
1.	FORK	MS FLAT	570x24x5 mm	1 No.
		HOLE	9mm dia	5 Nos.
2.	U FRAME	MS BAR	360x120x8 mm	1 No.
		MS FLAT	90x25x5 mm	2 Nos.
		HOLE	8 mm	2 Nos.
3.	MAIN FRAME	MS FLAT	820x25x5 mm	2 Nos.
		HOLE	10 mm	6 Nos.
4.	SHOVEL	MS SHEET	200x118 mm x 3mm thick	1 No.
5.	CYCLE WHEEL	RIM STEEL	620	1 No.
	TYRE-TUBE	RUBBER	Suitable for the Cycle Wheel	1 No.
6.	FRAME	MS FLAT	1180x25x3 mm	1 No.
7.	PIPE	Conduit Pipe	24x140 mm	2 Nos.

13- Specification of Hand Operated Seed Treatment Drum: Manually operated Capacity 10 Kg. Diameter of drum 345 mm Length of Drum 580 mm, Material-M.S. Sheet Frame Length x width x Height 800mm x 535mm x 758 mm. Angle Material M.S. Angle, Length of handle 270 mm, Length of Handle Grip 95 mm, Material of handle M.S., Height of Handle above the ground Maximum-1028 minimum-488 mm. Opening for side filling Length x width 345mm x 172 mm, Opening for unloading Length x width 345mm x 172 mm.

14- Specification of Hand Operated cone weeder. Manually operated with 2 cone made of MS sheet 115x45x120 mm. Blade made of MS sheet 85x30 mm of 12 in numbers. Patti made of MS sheet 125x30 mm. Centre bolt and nut made of M 12. Frame of the wheel made of Ms Pipe -1, 200x22x2 mm. Pipe - 2, 40x3.4x3 mm and pipe -3, 100x28x3 mm. float assembly Made of Ms Pipe 630x22x2 mm, Support made of Ms Plate 300x12x4 mm, Float made of Ms Sheet 330x133x2. Total height 1400 mm. Weight 5-6 kg Capacity ha per day 0.18.

15- Specification of Hand Operated Multi weeder. Manually operated Multi weeder Handle Ms Pipe 25 mm round 5 ft Long with PVC Handle, Four types of blade used with 12 mm square bar MS sheet Blade.

- 16- : Specification of 5 quintal grain storage bin;** Shape - cylindrical Height-47 inches, Daimeter 33 inch, Weight - 17 kg (Approximate), Used material - Pre painted galvanized iron sheet Sheet thickness -0.40 mm Nut bolt-5 pieces (6mm), Chest Handel - 2 pieces (4inches) ,Trunk lock-2inch, sakal (1 piece) 16 number sakal (1 piece) Bottom ring thickness - 16 gauge.
- 17- :Specification of 10 quintal grain storage bin;** Shape - cylindrical Height-70 inches, Daimeter 38 inch, Weight - 31 kg (Approximate), Used material - Pre painted galvanized iron sheet Sheet thickness -0.40 mm Nut bolt-10 pieces (6mm), Chest Handel - 2 pieces (4inches) ,Trunk lock-2inch, sakal (1 piece) 16 number sakal (1 piece) Bottom ring thickness - 16 gauge.
- 18- :Specification of 12 quintal grain storage bin;** Shape - cylindrical Height-88 inches, Daimeter 47.50 inch, Weight - 38kg (Approximate), Used material - Pre painted galvanized iron sheet Sheet thickness -0.45 mm Nut bolt-14 pieces (6mm), Chest Handel - 2 pieces (4inches) ,Trunk lock-2inch, sakal (1 piece) 16 number sakal (1 piece) Bottom ring thickness - 16 gauge.
- 19- :Specification of 20 quintal grain storage bin;** Shape - cylindrical Height-70 inches, Daimeter 38 inch, Weight - 55 kg (Approximate), Used material - Pre painted galvanized iron sheet Sheet thickness -0.50 mm Nut bolt-18 pieces (6mm), Chest Handel - 2 pieces (4inches) ,Trunk lock-2inch, sakal (1 piece) 16 number sakal (1 piece) Bottom ring thickness - 16 gauge.
- 20- Specification of Portable Solid Bio masscook Stove (Chulha) ISI Marked IS 13152:2013**
Specification of Portable Solid Bio mass cook Stove (Chulha) ISI Marked as per IS 13152:2013.
- 21- Specification of Hand Oprated Winnowing Fan Type-I:** Manually operated with 4 blades made out of 20 gauge CR sheet mounted on stand base frame made out of 37x37x3 MS angle, gear, pinion, plumber block made out of cast iron, bearing size 6204 as per details given in the drawing and specification. Overall dimension is 560x715x1200mm, approximate weight 23kg).
- 22- Specification of Winnoing Fan (manual) Type-II:** Winnowing fan (mnual) Type-II made up of 1.6mm thick 3 Nos. aluminum blades(end sizes 130mm-160mm & 473mm long) and MS Frame, MS Structure, MS stand and support and fan guard is made up of angle 30x30x3, angle 20x20x3 MS rod 6mm. Fan assembly ith Ci Pedetal, CI big and small gear & CI Fly wheel 19mm diua gear shafts through 6203 size bearings is fitted with suitable nut bolts, flangers and clamps as given in the drawings. The overall size is 1235L x 460W x 1720 H, approximate weight 32Kg. The design, dimension and material of all components of winnowing fan should be as per details given in the drawing and specifications.
- 23- Specification of Hand Operated Low Lift Pump with Stand:** Single cylinder reciprocating diaphragm type, fixed discharge head, suction head maximum 7.5 meter having discharge 3000/6000 LPH at head 7.5m/2m. Suction pipe PVC pipe, flexible 6.0 meter long (65mm dia weight 5.5 kg approximate), Cylinder dia 316mm (made of 3.15 mm MS sheet), stroke 108mm, handle (MS) length 2M, Height 820mm, width 500mm, Rubber components to be used of superior quality rubber suitable for diaphragm of pump.
Pump body and structure shold be duly painted with primer of superior quality (i.e. J&N/Asian/British/Berger paints) as base coat and with green paint of superior quality (i.e. J&N/Asian/British/Berger paints) as top coat sufficient thick to form perfect anti-corrosive layer. Pump to be supplied with all accessories, approximate weight 44kg.

- 24- Specification of Pedal Operated (Low Lift Pump) with stand:** Double cylinder, single acting vertical reciprocating pedal operated pump suitable to lift water from depth upto 15 feet, discharge as laid down by International Development Enterprises (minimum 3000 litre / maximum 6000 litre power hour). Cylinder made out of 2.5mm thick MS sheet having internal diameter 125mm, length of cylinder 230mm stroke length 110mm along with PVC flexible suction pipe (40mm dia) 20 feet long. Rubber components made of rubber of superior quality; the material of other component of pump will be as under:-

S.No.	Name of components	Approximate size	Material
1-	Cylinder	2.5mm thick	MS sheet
2-	Treadle	Flat 40x5 mm	MS sheet
3-	Foot Holder	2.5mm thick	MS sheet
4-	Stabilizing struct	Angle 25x25x3	MS
5-	Piston & Piston plate	Standard	MS
6-	Collar & Drop bar	Standard	MS
7-	Junction box	Standard	MS
8-	Sleeves	Standard	G.I.
9-	Rubber components superior quality rubber suitable for diaphragm.		
10-	PVC pipe (40mm dia) 20 feet length, weight 2.6kg approximate, flexible pipe		

Pump body & structure should be duly painted with primer of superior quality (i.e. J&N/Asian/British/Berger paint) as base coat and with green paint of superior quality (i.e. J&N/Asian/British/Berger paint) as top coat sufficient thick to form perfect anti-corrosive layer. Pump to be supplied with all accessories, approximate weight 27kg.

Cast Iron Head (wt-37-39 Kg) should be fitted with new standard bearing ISI Mark (ABC/NBC/SKF/Tata). Cast Iron Wheel size 4' dia (25-26 Kg) Mild Steel Stand (12-14 Kg) Parnala made of 26 Gauge GP/CR Sheet (1 Kg), 2 Nos. ISI Blade (1511-1979) made of high carbon steel having hardness of 40-45 HRC as per ISI No. 1586-1968 Standard accessories, handle, nuts bolts, spanners, 10" flat file (JK or Scissors make), PVC Oil Can 100 ml (Cuppi) and 4 Nos. 6" long foundation bolts of 8 mm dia with nuts & total weight of Chaff Cutter - 80 - 84 Kg.

Main Shaft:- The one end of the main shaft shall be rigidly attached at the centre hole of flywheel and other end may be supported on a plumber block. The length and diameter of the shaft shall be 400 mm and 30 mm respectively. Plumber block shall be provided with bush or ball bearing.

Worm:- The worm shall be fitted on the main shaft. The hole size of the worm shall be such that it should push fit on the main shaft. the outer diameter and length of the worm shall be 75 mm or 80 mm and 155 mm respectively. The pitch of the worm shall be 25 mm. It shall be provided with two holes for proper fixing to the shaft. The distance of centre of hole from the end of the worm shall be 50 mm or 13 mm.

Worm Gears:- There shall be two gears; one located at upper side and other at the lower side of the worm. The outer diameter of the gears (see in Fig. 6) shall be 125 mm or 133 mm and there shall be 15 teeth in each gear. At the option of the purchaser the gears may have 11 or 13 teeth. The gear shall be attached with axles by hexagonal bolts.

Feed Rolls:- There shall be two feed rolls. The length and outer diameter of the rolls shall be 207 mm and 75 mm or 85 mm respectively. Each roll shall have eight projections on circumferential periphery. The lower roll shall have || full teeth and upper roll 10 full and two half teeth on lengthwise fixing the axles.

Stand

Stand shall consist of four legs, leg supports and one finger in each leg. The leg shall be made of angle section of minimum 50 mm x 50mm x 2 mm size. The leg support may be detachable or riveted with the leg The fingers may be a separate component attached to the leg or may be made by taking out at the bottom of each leg. The total height, length and width of the stand shall be minimum of 750 mm, 600 mm and 550 mm respectively. In one of the legs a hole of 10 mm shall be provided at a point coinciding with the hole made in the rim of the fly wheel.

Allowable deviations tot dimensions without steatites tolerance shall be as given in IS 2102

The bearings shall be completely enclosed and shall have provision for lubrication.

Provision shall be provided to change the inclination of the plane of the cutting knives to the plane of rotation of fly wheel to avoid feed interference.

Provision to change the direction of rotation of feed rolls should be provided.

Hooks at suitable places may be provided for lifting the chaff cutter for easy movement.

The maximum height of cranking from ground level shall be within 800 to 200 mm. The cranking radius shall be 250 to 350 mm.

All the three sides of shear plate shall be in one plane.

The blades shall conform to IS 1511.

Front Safety Guard

A front safety guard shall be fitted on rach knife blade lightly as a safety device.

Gear Cover

Warm and pinion assembly shall be covered from all the sides by a metal sheet as shown in

Warning Roller

A warning roller which is a sort of idler roller with spring shall be fitted just before the feeding rollers as an alternate to cover chute.

Covered Chute

The trough on the shear plate side shall be covered upto a length of 450 mm minimum

Blade Cover

Each blade shall be covered with a cover A typical shape and dimension of the blade.

Marking

Each Chaff Cutter Shall be Marked with the following particulars.

Manufacturers Name or registered trade mark. Code the batch number.

MANDATORY DOCUMENTS TO BE UPLOADED FOR MANUALLY OPERATED AND BULLOCK DRAWN IMPLEMENTS

01	RCO documents duly signed on each page with office seal affixed. (Page 01 to 129)
02	Copy of Manufacturing Certificate issued by District Industries Centre (DIC) / Single Point Registration with NSIC / UDYAM Registration Certificate issued by Ministry of Micro Medium & Small Enterprises.
03	Valid Registration Certificate, issued by the Directorate of Agriculture Engineering, Govt. MP for all the items for which RCO is submitted.
04	Valid feasibility report for manufacturing of RCO items by those Government Department/Govt. Agency which is approved by the Quality Council of India /N.A.B.C.B., any Government Engineering College, any Government Technical Department or Government institutions Like Govt. Polytechnic Collage, MSME Training Center. Govt ITI etc will also be Considered . The Feasibility Report must contains following details. a. Name and full address of Production Unit b. Detailed of Machinery Installed in Production Unit. c. Production Capacity of Unit d. Either Production Unit in Running Condition or not.
05	A certificate issued by Chartered Accountant with UDIN Number showing Turnover for the last three financial years, i.e. (2020-21, 2021-22, 2022-23) in supply of BD Manually operated and implements. Annexure - XII
06	Application form duly filled as par Annexure - VI
07	Valid proof of authority to signing the document in case of Partnership Firm and Limited company.
08	GST Registration certificate.
09	Affidavit from the Bidder that their firm has never ever been blacklisted by any Govt. organization, semi Govt. organization or any corporation till date. Annexure - X
10	Letter of Undertaking & Declaration on 500 Rs stamp Annexure - VIII
11	Electricity Bills of last three months.
12	Financial Bid as per schedule Annexure - IX
13	Self attested copy of NEFT/RTGS slip through which the EMD, if any, is deposited into the bank account of the Corporation.
14	For ISI marked Hand operated chaff-cutters, bidder should have a valid certificate issued by the Bureau of Indian Standards (BIS)

Sub :- RCO Document for supply of BULLOCK-DRAWN (बैलचलित) AGRICULTURE IMPLEMENTS, MANUALLY OPERATED (हस्तचलित) AGRICULTURE IMPLEMENTS AND GRAIN BINS FOR 2025-26 AND ONWARDS

Dear Sir,

Kindly accept our application for RCO Document for supply of BULLOCK-DRAWN (बैलचलित) AGRICULTURE IMPLEMENTS, MANUALLY OPERATED (हस्तचलित) AGRICULTURE IMPLEMENTS AND GRAIN BINS FOR 2025-26 AND ONWARDS in the state of Madhya Pradesh. I am submitting application and details as under.

1	Name & Address of the Applicant Firm			
	If Proprietorship			
	a) Name of Proprietor			
	b) Full Address			
	c) PAN number /GSTN No			
	If Partnership			
	a) Name of partners and their address	1.	2.	3.
	b) Is partnership deed registered If yes then date of registration (attach copy of deed)	Yes / No Date		
	If Limited or Pvt. Limited Company under Indian Companies Act 1956.			
	Limited or Private Limited			
	Registered Office Address			
	Date of Certificate of in Corporation			
2	If LLP			
	a) Name & Address of Partners			
	b) Certificate of registration			
	c) Copy of agreement/MOU mentioning liability of the Partner.			
3	Location of Production units			
4	Year of Establishment of the units.			
5	Name, Designation & Mobile Number of Contact Person,			
6.	Name of Person Signing the RCO (In Case Of Authorized Person Specific Power of Attorney has to be submitted)			
7	Details of BIS license obtained	no	BIS	License No
				Date of Validity
8	Details of Turnover for last Three financial years for item quoted (Rs in Lakhs)	Year	Total Turn Over	
		2021-22		
		2022-23		
		2023-24		

I hereby confirm that all the above information is true to the best of my knowledge & belief. All the documents as required in the documents as enclose.

ANNEXURE - VII

CONDITIONS OF RATE CONTRACT

1. PROCEDURE FOR RCO:

- 1.1 The Corporation invites RCO for supply of Material mentioned in **Annexure - III**.
- 1.2 Only one RCO will be accepted from one Applicant / Firm. If any individual participating in the BID, representing more than one firm in one or different names and it comes to MP AGRO'S knowledge at any point of time, all such BID will not be entertained and shall be liable for rejection.
- 1.3 RCO documents can be purchased online.
- 1.4 It is the discretion of the Managing Director of the corporation to accept/reject the application without assigning any reason thereof.
- 1.5 Bidder should have to submit the hard copy of documents as per corporation requirement or at the time of Agreement.
- 1.6 The M.P. State Agro-Industries Development Corporation Ltd, will not be responsible delay in receipt of Bid on any account whatsoever. If BID is received after specific date and time, even if the delay is caused in postal transit, or any other reason whatsoever, the same shall not be considered and the BID will be rejected.
- 1.7 Telegraphic/Fax BID, or BID received over fax, e-mail etc. shall not be considered.
- 1.8 M.P. Agro hereby disclaims all liabilities of third party prospective purchasers with respect to quality, service and defect in the items to be supplied by the bidder shall be solely responsible to provide efficient service and to fulfil all defect and quality standards of the items to be supplied.

2. SUBMISSION OF RCO:

- 2.1 Corporation Invites RCO for supply of implements as mentioned in **(Annexure IV)**.
- 2.2 Self attested copies of all Mandatory Documents and RCO fees details (cost of documents) and EMD can be submit online. before last date and time of submission of BID.

3. OPENING OF TECHNICAL BID:

Document received in the RCO online will be opened on due date and time as mentioned in **(Annexure III)**

4. DELAY IN SUBMISSION:

The Corporation will not be responsible for any delay on any account in receipt of RCO. If the BID is received after the specific date and time, even if the delay in receipt was caused in postal transit or any other reason, what so ever, the same will not be accepted for further process.

5. CHANGE IN OPENING SCHEDULE:

RCO will be opened on due date and time as mentioned in **(Annexure-III)** point B in the presence of the representative of firms who wishes to be present. However if the date and time of opening of Technical Bid is changed due to any unforeseen reason the revised date and time of opening will be displayed on Portal/website of the corporation.

6. MODUS OPERANDI FOR THE PURCHASE & SALES OF THE ITEMS & QUOTING RATES BY BIDDER:

- (i) MP AGRO will buy material for onward sale to various Govt. Deptt. and/or Farmers of Madhya Pradesh as per requirement.
- (ii) Bidders are required to quote their selling rate to MP AGRO with the intention that MP AGRO will load its own margin (5% + GST) to the final prices quoted by Bidders.
- (iii) Bidders are required to upload their rates in the format prescribed for it. Shown in the financial Bid.
- (iv) Rate list to be uploaded shall be the rates with GST & rate without GST. MP AGRO margin & GST shall not be included in the format.
- (v) Rates offered to MP AGRO should not be treated as rates to end user. Instead MP AGRO will work as dealer of the manufacturer. Manufacturer will be free to appoint their Sales Representative, other Dealer for after sales service & stocking purposes etc. Manufacturer can also incur expenses for sales promotion etc. as per their own policy.
- (vi) On several occasions manufacturers do not quote lower rate to MPAGRO due to price fall Clause executed by them with other organization. Difference between price quoted to MP AGRO & price quoted to other organization (for ultimate consumer) must be differentiated clearly that rate quoted to MP AGRO is the dealer rate.
- (vii) MP AGRO will have full liberty to reduce or increase its margin at any time without consent from bidder. Managing Director's decision will be final & binding for all parties.

7. ACCEPTANCE OF OFFER FOR RATE CONTRACT:

The Counter offer will be issued by the Corporation only to those offerers whose offer rates are within the limit of L-1+15%.

8. EXECUTION OF AGREEMENT :

- (a) The Corporation will intimate the successful Bidder regarding acceptance and request him to execute the agreement in given time limit. In case the Bidder fails to execute agreement within the prescribed time limit, the EMD submitted along with the RCO shall stand forfeited.
- (b) The successful Bidder shall have to execute an agreement as per **Annexure- XI** with the Corporation on non-judicial stamp paper of Rs. 1000/- (to be purchased by the Bidder)

9. **EARNEST MONEY DEPOSIT:**

- A.
- (i) RCO should accompany EMD as per clause C (**Annexure-III**)
 - (ii) Earnest Money of all unsuccessful Bidders will be returned.
 - (iii) No interest is payable on the amount of Earnest Money at the time of refund.
- B. **Earnest Money shall be forfeited if :-**
- (i) Deposit (EMD) is liable to be forfeited if the bidder withdraws or amends or impairs or derogates from the bid in any respect within the validity of the bid or is open for acceptance whether originally fixed or extended.
 - (ii) No interest shall be payable by the Purchaser on the Earnest Money/Bid Guarantee to the Bidder.
 - (iii) The Earnest Money shall remain deposited (**if the bidder is neither Having MSME or Startup Certificate**) with the Purchaser during the validity period as mentioned, from the date of opening of RCO. If the validity of the offer is extended, EMD validity period deemed extended.
 - (iv) Earnest money of successful Bidder will be adjusted as Security Deposit (SD) (**if the bidder is neither Having MSME or Startup Certificate**) on execution of the agreement. (such Bidder will become supplier).

10. **SECURITY DEPOSIT:**

- (i) **The successful Bidder will have to necessarily submit @ 20000/- Rs/- per implement as Security Deposit in the form of Demand Draft at the time agreement.**
- (ii) The Security Deposit will remain with the corporation during the currency of the contract and until successful execution of all the order placed during the currency of the contract and will be refunded to the supplier without interest in case of no dispute and after getting clearance/NOC from District Managers of the Corporation /purchasing officer.
- (iii) Security deposit will be forfeited in case of failure of supply of the material as mentioned in the purchase order, in time and as per the approved specifications, or for breach of any terms and condition of the agreement as well as RCO document.

11. **MINIMUM TECHNICAL SPECIFICATIONS OF ITEMS**

Minimum Technical specifications of the items covered in this RCO are the same as they are defined in (**Annexure - IV**).

12. **PLACEMENT OF ORDER**

Head Office / Regional Manager / Branch Manager of the Corporation shall place purchase order to the approved supplier.

13. SCHEDULE AND MODE OF SUPPLY / DELIVERY

The Bidder has to supply and deliver the ordered quantity within time period as mentioned in the order issued by the Deputy Director Agriculture or the order issued by the Regional Manager of the Corporation. Failure of the Supplier for timely supply, or non Supply of the material shall lead to forfeiture of Security Deposit and the RCO shall stand cancelled and agreement shall be terminated and Supplier shall be black listed/ debarred from supplies through the corporation for 1-5 years. Corporation can also claim loss of goodwill as deemed fit and the same shall be payable by the Bidder. MP Agro shall not be liable toward the first manufacturer. In case the manufacturer is unable to supply or refuses to supply the RCO Material as per the work order issued by MP Agro, then in such a case the Work order may be Cancelled and the material can be procured from any other Registered vender and difference amount if any may also be recovered from the original Vendor.

- (a) If the indenting authority suffers any loss due to inordinate delay in effecting supply/ dispatch or arrival of the material at the destination, the same shall be the responsibility of the Bidder who shall make good the entire loss suffered by the indenting authority. The Managing Director will assess and intimate the Bidder the extent of loss, and the same will be acceptable to the Bidder. The supplier shall ensure that the ordered material being supplied by him reach the consignee at destination in good condition. As such it will be the sole responsibility of the supplier to ensure desired quality and standard of the material.
- (b) The ordered item as specified in order shall be in conformity with approved size and quality specifications mentioned in **Annexure-IV**, of the RCO and elsewhere in the RCO documents. Material shall be supplied in batches in any or all the sizes and in quantities as per delivery schedule ordered by the ordering authority of the Corporation. The delivery schedule may however be revised by the ordering authority, if warranted by exigency of the work of the Corporation. The successful Bidder shall be bound to effect deliveries in accordance with the changed supply schedule without claiming revision in rates. The dates of supply shall be the date on which the consignment reaches the required destination.
- (c) Ordered item may required to be supplied to the consignee through District Manager office of the corporation as per dispatch order to be given by the Regional Manager of the Corporation, securely packed so as to withstand rough handling and protection from vagaries of nature during transit.
- (d) Relevant Delivery Challan shall be sent free and direct to the consignee (s) freight paid. The order No. of Corporation should be mentioned in the bill, against which the material is supplied.
- (e) The M.P. State Agro-Industries Development Corporation Limited shall not be responsible for damages, losses, thefts, pilferage, fire, accidents and demurrages etc. if any, incurred to the consignment during transit and these shall be borne by the supplier.
- (f) The dispatch of consignment shall be immediately communicated to the indenting Regional Manager/Distt. Manager of Corporation and consignee with the relevant details of Challan and Bill Nos.
- (g) **Transit Insurance:** The Supplier will arrange for Transit Insurance and Material supplied should be covered under Transit insurance for Road Risk, Theft, Pilferage, and Non Delivery Risk (RRTPND).

- (h) **Compliance of statutory conditions/regulations:** The manufacturer shall be bound to follow the statutory conditions/obligations/ regulations as issued by the State Government/Central Government or the appropriate authority in the execution of work allotted under this Rate Contract Offer.
- (i) **Rates Disparity Clause:** If at any stage during the validity of the rate contract/during the term of the agreement, M.P. State Agro-Industries Development Corporation Limited receives the lowest supply rate offer from any other manufacturer (other than the manufacturer who is already supplying the items), then the corporation shall provide an opportunity to the manufacturer already supplying the materials to supply the items at the lowest rate offered by other manufacturer. If the manufacturer already supplying items refuse to supply on the said lowest rate, then the corporation shall be at liberty to take supply from the supplier who quoted lowest rates.
- (j) **Margin Enhancement Clause:** The corporation reserves its right at any time during the validity of the agreement / Rate Contract to make amendments in the 5% margin of the corporation in the financial interest of the corporation.
- (k) The bidder has to provide sample of the Items offered in the RCO to the Branch Manager, MP AGRO immediately on demand for inspection and testing of the implement by the Engineers of the Directorate of Agriculture Engineering /or CIAE, Bhopal in case of Bullock Drawn or Hand Operated implements and Directorate of Agriculture /Director of Horticulture Bhopal in case of ISI Marked Drip and Sprinkler . No charges will be paid for such inspection to the bidder.
- (l) The bidder has to install metal plate on all the implements giving following information:-

a) Name of Implement	b) Name and address of manufacturer
c) Year of manufacturing	d) Model/Make of implement
e) Net Weight	f) Any other information.

If the above mentioned information is not found on the metal plates and plaques during inspection, such agricultural equipment may be rejected, for which the Corporation will not be held responsible.

- (m) The bidder will have to supply agricultural equipment through the district office of the corporation and deliver it to the block level or the designated place in the districts of the state. The inspection of the equipment at the manufacturing site/storage site or near the beneficiary will be done on random basis by the inspection agency or Government agency including Agriculture Engineering/CIAE. If the quality of the material is not found to be as per the technical standards, the entire lot will be rejected and further action will be taken.
- (n) It will be necessary for the suppliers contracted by the Corporation to supply the Items to the Government Departments/agencies of the State at the rates approved by the Corporation only after the supply order is duly issued through the Corporation. If it is found that the supplier is supplying the Items through any other department without informing the Corporation, then the Corporation will be able to cancel the approved rates of such supplier and confiscate the earnest money deposited. In case of confiscation of the earnest money for such act by the supplier, the Managing Director of the Corporation can also debar the concerned firm from making supplies through the Corporation for 1 to 5 years.

- (o) Accepting the rates offered by the Corporation will not mean that the suppliers should do business directly with any department considering these approved rates as the approved rates for the state of Madhya Pradesh. The rates accepted by the Corporation will not be considered as "approved rates" for any legal purpose. If any business is done on the approved rates of the Corporation without the knowledge of the Corporation, the Corporation will not be responsible for it in any way. Every bidder is expected to inform the concerned department in writing about the terms and conditions of the contract entered into with the Corporation before doing business.
- (p) It is necessary to supply the material at the designated place as per the order through the District Office of the Corporation within the time limit mentioned in the supply order. This time limit can also be reduced as per exigency of supply.
- (q) According to the ordered quantity, the entire responsibility of delivering it to the prescribed department/place through the district office of the corporation will be on the concerned supplier.
- (r) In case the supplier does not supply the material within the prescribed time limit, and consent of the concerned receiving department for the supply of material is not received, the supply order may be cancelled.
- (s) If there is delay in delivery by the supplier and the department/corporation suffers loss due to the delay and the loss, if any will be recovered by the Corporation from the supplier's earnest money and/or pending payments. The amount of loss will be determined by the Managing Director of the Corporation which will be accepted by the supplier.

14. **WARRANTEE:**

The Bidder has to declare minimum One Years warrantee for Item supplied by the supplier having any manufacturing defect from the date of received of the implement . In case of complaint / defect the supplier shall have to arrange repair /replacement within 10 days from the date of receipt of intimation. The Corporation shall have right to recover the cost or expenditure of loss whatsoever, on this account from the future bills of the supplier or from the security deposit or from any other amount due to the supplier or out of the security or any deposit made by the supplier in other Government Organization. **The Corporation can also Blacklist the Supplier and debarred the supplier from doing the business with the corporation for 1-5 years.**

15. **TRAINING, if any:**

If required the supplier will impart training to the selected nominated person of purchaser and the concerned person/staff/officers of the Corporation for proper operation and maintenance of Items Supplied.

16. **AFTER SALE SERVICE:**

- a. The company must provide after sales service during warranty period.
- b. Supplier shall also ensure that proper after sales services are available to the customers.
- c. The supplier shall also make arrangements for repair and after sale service required on continuous basis after expiry of the warranty period and shall ensure that the repairs/maintenance cost incurred by the purchaser are minimum.

17. RIGHT TO REFUSE/REJECT THE SUPPLIES:

- (a) Ordered item shall conform to the quantities and specifications (as per **Annexure- IV**) mentioned in supply order. The Corporation reserves the right to refuse to accept the supplied item, if found:-
 - (i) Inferior in quality & not in proper packing/design or not conforming to the specifications mentioned in **Annexure- IV**.
 - (ii) Other than specified and ordered by the Corporation,
OR
 - (iii) For any other sufficient reason at it's discretion.
- (b) In case the supply of item is rejected / the supply not accepted, the items so supplied, shall be lifted by the supplier at his own cost within the period granted by the M. P. State Agro-Industries Development Corporation Limited and in no case Corporation shall be liable for the supply not accepted.
- (c) If the material fails in the testing.

18. DEFECTIVE SUPPLIES:

The supplier shall replace the defective material or any other part found defective or prematurely worn out within 7 days within warranty period from the date of sale to the consumer, free of cost. If it is proved that Bidder has intentionally supplied machine/equipments of improper quality or not ready to replace or had not replaced defective machines / equipments during the specified period or in a genuine time period as required minimum, corporation shall be free to black list the Bidder **for 1 to 5 years** and forfeited the Security Deposits Bidder shall be bound to refund the amount received in lieu of such defective supplies made by the Bidder.

19. PAYMENT:

- (a) The Corporation will make the payment normally within 15 days on payment after payment condition to the supplier only after receipt of bills along with satisfactory report duly signed by the consignee/ beneficiary with Third Party Inspection Report, and after statutory deduction of taxes and corporation margin.
- (b) In case these items are supplied to the farmer under various government schemes for providing subsidy, the farmer's share so received by the corporation shall be payable to the supplier only after receipt of bills along with satisfactory report duly signed by the consignee/ beneficiary with Third Party Inspection Report, and after statutory deduction of taxes and corporation margin.

20. PRICE ESCALATION CLAUSE:

The variation in price is allowed if any variation is occurred in GST slab & any levies/taxes by Regulatory authority. Bidder may revise rates accordingly under intimation to corporation.

21. RANDOM TESTING OF IMPLEMENTS:

Corporation may select sample by random checking of any or all components of implement received at the destination / site and send it to any recognized institute for testing. The cost of such testing including the cost of material shall be borne by the supplier.

22. BRAND NAME:

The Bidder is entitled to claim only one brand name for the purpose of this contract. Regarding brand name, certificate of brand name, if any, issued by competent authority for this purpose should be made available, however the Corporation will not be liable for any dispute on account of brand name or of any kind.

23. SUBMISSION OF REQUIRED DOCUMENT:

It is obligatory for the Bidder to submit all the necessary documents as mentioned in **Annexure-V** and mentioned elsewhere in RCO document. All formats should be filled in completely. **All the necessary documents should be enclosed duly self- attested.**

24. ACCEPTANCE/REJECTION OF RCO:

The Managing Director of the Corporation reserves the right to accept or reject any or all the RCO without assigning any reason whatsoever at any time prior to the award of the contract, without incurring any liability to the affected Bidder and any obligation to inform the affected Bidder of the grounds.

All the offers shall be examined on the basis of bid and supporting documents submitted online and in case, any of the documents is not in readable/printable form, the offer may be rejected without intimation to the offerer/bidder. Please ensure to upload clear, proper and complete documents while submitting the bid.

25. FORCE MAJEURE CLAUSE:

FMC will be applicable in the following circumstances -

- (a) Natural phenomenon including but not limited to weather condition, floods, draught, earthquake and epidemics.
- (b) Acts of government authority domestic or foreign including but not limited to war declared or properties, quarantine restriction.
- (c) Accidents or distraction including but not limited to fire, explosion break downs at essential machinery equipment and power shortage.

26. PURCHASE PREFERENCE:

The following rules are applicable only on those items & product which will be approved by committee constituted by M.P. Govt. store purchase rule 2015 (revised 2022) against rule 31 as per store purchase rule.

- (a) In case lowest rate received from the Bidder situated out of Madhya Pradesh. As per the provision made in State Purchase rule 25 to 50 percent (according to the production capacity) will be placed with bidder/bidders whose Production unit situated in Madhya Pradesh (Micro/ Small Industries) and who quoted Rates in bend of L-1+15% (First three bidders of Madhya Pradesh), only if, they are agreeable to supply the material in time and on lowest rate so received. Price preference of any kind will not be allowed (This clause will be applicable to only those Manufacturers of Madhya Pradesh if the place of Manufacturing is situated in Madhya Pradesh)
- (b) As per the policy of the State Government in respect of purchase of items through Micro / Small Industries purchase preference, minimum to the extent of 4% out of 25% of the required quantity shall be given to those manufacturing units of M.P belonging to the SC/ST entrepreneurs. A self-certified copy of certificate issued by the District Trade Industries Center (D.T.I.C) in this regard should be attached at the time of submission of tender. Price preference of any kind will not be allowed.
- (c) As per the policy of the State Government in respect of purchase preference, minimum to the extent of 3% out of 25% of the required quantity shall be given to those manufacturing units of M.P belonging to Female entrepreneurs (Ownership). Preference will be given to Micro / Small Industries run female Self Help Group A self-certified copy of certificate issued by the District Trade Industries Center (D.T.I.C) in this regard should be attached at the time of submission of tender. Price preference of any kind will not be allowed.

27. TO IMPOSE PENALTIES:

In case the supplier does not produce the ordered material within the specified time limit the penalty will be imposed as under

No.	PERIOD	RATE OF PENALTY IMPOSED
1	1 st to 2 nd week	0.25% per week
2	3 rd to 4th week	0.50% per week
3	in Case the supplier refuse or fails to supply the ordered material	Cancelling the supply order and termination of Agreement and Black listing for 1-5 years

28. CORPORATION AS DEALER:

Corporation shall become Authorized Dealer of the company after execution of agreement with the company during the currency of Rate Contract.

29. ARBITRATION:

As far possible, all dispute arising out of this agreement will be settled by the mutual discussion and decision taken by the General Manager Marketing of the Corporation will be final and binding on both the parties.

In case dispute is not settled as above then the same shall be referred to the arbitration. Arbitration and conciliation Act, 1996 shall apply to the proceedings before the Managing Director of the Corporation who shall be sole arbitrator. The decision of the arbitrator shall be final and binding on the parties. Venue of Arbitration shall be Bhopal and shall be governed by Arbitration and Conciliation act, 1996.

30. RCO EVALUATION:

During RCO evaluation, MP AGRO may, at its discretion, ask the Bidder for a clarification of its RCO and the documents attached thereto. The request for clarification and response shall be in writing only.

31. VALIDITY OF RCO RATES:

The rates finalized against this RCO shall be valid for a period of 3 (three) months from the date of issue of first circular for approved rates. The MP Agro have rights to cancel the approved rates and/or RCO even before completion of its validity period. It will also be at the sole discretion of MP AGRO to extend validity period of prevailing rates until new rates are circulated.

32. MINOR MISTAKES IN RCO:

M.P. AGRO may waive any minor nonconformity, or irregularity in a RCO document that does not constitute a material deviation, provided such waiver does not prejudice or affect the relative ranking of any bidder. Right to waive mistake shall remain with Managing Director of MPAGRO.

33. TRANSFERABILITY:

RCOs are not transferable.

34. RIGHT TO ACCEPT OR REJECT RATE CONTRACT OFFER:

MP AGRO reserves the right to reject or accept any rate contract in whole or in part on account of credentials, technical capability, past performance or any other evaluation criteria to ensure uninterrupted supply of material. The decision of MP AGRO in this regard will be final and MP AGRO is not liable to assign any reasons for the decision.

35. PARALLEL RATE CONTRACT:

MP AGRO reserves the right (a) to enter into parallel rate contract(s) simultaneously or at any time during the period of the rate contract with more Bidders as MP AGRO may think fit, and (b) to place ad-hoc contract or contracts simultaneously at any time during the period of this contract with more supplier(s)/Bidder(s) for such quantity and such item as the competent authority of MP AGRO (whose decisions shall be final) may determine.

36. INSPECTION FOR QUALITY:

- (i) Third party inspection of RCO items by those Government Agency which approved by Quality Council of India /N.A.B.C.B. such as **DGS&D** (under Department of commerce & industries Govt of India), **RTES** (Enterprises of Department of Railways Govt of India), **PDIL** (Organization under Department of Chemical and fertilizer Govt of India), **ICAR - CIAE** (Institute under the Department of Agriculture Govt of India), **EIC** (under Department of commerce & industries Govt of India), **CIPET** (under Department of Chemical and fertilizer Govt of India), **EIL** (Public Enterprises under petroleum & Natural gas Department Govt of India), **IR-Class** (Subsidiary firm of Indian Register of Shipping) or any **Government Engineering College, any Government Technical Department or any Government institution institution Like Govt. Polytechnic Collage, MSME Training Center. Govt ITI** at the location where the material is supplied. The inspection cost shall be borne by the supplier.
- (ii) To certify any materials or part thereof submitted for inspection that they are in accordance with the contract owing to the adoption of any unsatisfactory method of manufacture; MP State Agro may discretionally exercise the power to constitute a committee consisting of external subject matter experts for the purposes of inspection of materials supplied by the manufacturer.
- (iii) To reject any materials submitted as not being in accordance with the particulars/ terms and conditions of the RCO and supply order.
- (iv) To reject the whole of the installment, if after inspection of such portion thereof as it may in its discretion thinks fit, it is satisfied that the same is unsatisfactory.
- (v) The Inspecting Officer's decision as regards the rejection shall be final and binding on the Supplier.
- (vi) MP AGRO reserves the right to inspect the materials to be dispatched / in Transit / already delivered at any time and at anywhere. MP AGRO also have rights to inspect the raw materials used for manufacturing, process of manufacturing, quality policy fixed and testing facilities for the product to be supplied by the supplier at the supplier's premises.
- (vii) Cost of Test: The supplier is liable to pay for any Test done on the product
- (viii) Supplied for conformity on quality.

37. RISK PURCHASE CLAUSE:

MP AGRO reserves the right to make emergent purchase in case of failure of supply/ rejected supply either in part or full as per demand placed by the MP AGRO and amount paid of such purchases should be adjusted from the supplier's Bill and may take following punitive actions..

- a) The occurrence of such events 3 times during the contract period will lead to cancellation of contract by MP AGRO at any time after serving warning on each such event. The cancellation of contract will automatically come into effect from the last working hour of a scheduled delivery date after serving the last warning. On such event of cancellation

the supplier will be black listed and will not be allowed to participate in any RCO / supply contract for a period of one year. On event of cancellation of contract the security deposit available with MP AGRO for the contract will be forfeited.

38. WITHHOLDING AND LIEN IN RESPECT OF SUMS CLAIMED:

Whenever any claim or claims for payment of a sum of money arises out of or under the contract against the Contractor, MP AGRO shall be entitled to withhold and also have a lien to retain such sum or sums in whole or in part from security, if any, deposited by the Contractor and for the purpose aforesaid, MP AGRO shall be entitled to withhold the said cash security deposit or the security, if any, furnished as the case may be and also have a lien over the same pending finalization or adjudication of any such claims. In the event of the security being insufficient to cover the claimed amount or amounts or if no security has been taken from the Contractor, MP AGRO, shall be entitled to withhold and have lien to retain to the extent of the such claimed amount or amounts, from any sum or sums found payable or which at any time thereafter may become payable to the contractor under the same contract or any other contract with MP AGRO pending finalization or adjudication of any such claim.

39. CORRUPT PRACTICES:

Supplier is expected to observe the highest standard of ethics during the execution of this RCO. If the supplier has engaged in corrupt or fraudulent practices, in competing for or in executing the contract, MP AGRO may, after giving 14 days notice to the supplier, terminate the Contract. In pursuit of this policy, MP AGRO:-

- a. Defines, for the purposes of this provision, the terms set forth below as follows:
 - (i) "Corrupt practice" means the offering, giving, receiving or soliciting of anything of value to influence the action in the procurement process or in Contract execution; and
 - (ii) "Fraudulent practice" means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of MP AGRO and includes collusive practices among bidders (prior to or after bid submission) designed to get itself short listed for participating in the bidding process, to establish bid prices at artificial, non-competitive levels and to deprive MP AGRO of the benefits of free and open competition;
- b. Will reject a proposal for award if it determines that the Bidder being considered for award has engaged in corrupt or fraudulent practices in competing for the Contract.
- c. In the same manner as above, if bidder observes any corrupt practices or "fraudulent practice" in MP AGRO, he should report to Managing Director only.

40. BREACH OF CONTRACT:

Any breach of the terms & conditions mentioned in this RCO document by the Supplier, or any one employed by him or acting on his behalf (whether with or without the knowledge of the Supplier) or the committing of any offence by the Supplier or by any one employed by him or acting on his behalf under Chapter IX of the Indian Penal Code, 1860 or the Prevention of Corruption Act, 1988 or any other act enacted for the prevention of corruption by public servants shall entitle MP AGRO to cancel the contract and all or any other contracts with the Supplier and to recover from the Supplier the amount of any loss arising from such cancellation.

41. TERMINATION OF CONTRACT AND BLACK LIST OF SUPPLIER :

MP AGRO may terminate the Contract or Black list the supplier or debarred the supplier from doing the business with the corporation for 1-5 years in following event of default:

- (i) Breach of any of the terms or conditions or obligation of Contract on part of Supplier / his employees / agents.
- (ii) **Any major material alteration in the agreed upon specification (if any) of the product to be supplied without the authorization of MP AGRO and / or competent authority or non Supply or delay in Supply in the Reference of Point no 27.**
- (iii) MP AGRO at their discretion may call for any record to satisfy them regarding supply of material to catering units. The supplier shall extend every possible help and provide document related to the subject, to MP AGRO, failing which it may amount to breach of agreed terms and conditions of the contract.
- (iv) The Supplier being adjudged bankrupt/ insolvent or a trustee/ receiver being appointed on the Supplier.
- (v) Repudiation of agreement by Supplier or otherwise evidence of intention not to be bound by the agreement.
- (vi) MP AGRO at their discretion may call for any record to satisfy them regarding the supply and Supplier will provide every help failing which it may amount to breach of condition of the Contract.

42. AMENDMENTS TO BID INVITATION:

The MP AGRO reserves the right, to make revisions or amendments to the bid documents, when deemed necessary, prior to the closing date of the bid, through proper notification or web-site. The bidders must watch MP AGRO web site for any such amendments. The MP AGRO shall be at liberty to consider extending the date set for the bid opening by such a number of days as in the opinion of the MP AGRO will enable the bidder's to revise their bids.

43. NEGOTIATIONS:

it is clarified that normally the Corporation will make no negotiation on the RCO and therefore the Bidders should quote their lowest prices only. However the Managing Director of the Corporation may decide to give counter offer on the lowest rate to other bidders as decided by him.

44. AUTHORITY TO SIGN BID DOCUMENTS:

A person signing the RCO or any other document in respect of the Contract on behalf of the supplier without disclosing his authority to do so shall be deemed to warrant that he has authority to bind the Supplier. If it is discovered at any time that the person so signing has no authority to do so, MP AGRO may, without prejudice to any other right or remedy of MP AGRO, cancel the contract and make or authorize making of a purchase of the materials at the risk and cost of such person, and hold such person liable to MP AGRO for all costs and damages arising from the cancellation of the contract including any loss which MP AGRO may sustain on account of such purchase.

45. SUPPLY THROUGH AUTHORISED DEALER

The Chaff cutters manufacturers, having manufacturing unit out of Madhya Pradesh can appoint their authorized dealer/distributor for supply and providing after sales service during warranty.. The dealer/distributor can also raise bills and accept payment, in case the manufacturer agreed to do so. For this purpose, the manufacture shall submit a certificate in the prescribed format along with the RCO documents, certifying as their authorized dealer for the state of Madhya Pradesh. only manufacturer will participate in RCO/Tender and manufacturer will execute the agreement with the Corporation further The manufacture is solely responsible for timely supply and providing after sales service as per terms and conditions agreed upon.

46. Only Bhopal Court shall have jurisdiction.

WINNOWER FAN (MANUAL) (TYPE II)

Specification of "GEARED FAN" (MANUAL) (LY)

1. General

Name of implement : GEARED FAN
Type of implement : Manually
Size of implement : 9000-cm² area
Power source : Manually

2. Construction Details (Ref. Fig. 1 & 2)

2.1 Stand

: Trapezoidal shape type welded construction made out of angle iron 30 x 30 x 3 mm in which across top size 235 x 235mm with 4 holes, bottom size 690 x 450 mm & 800 mm height from ground level. Angle iron support should be welded four sides 260mm height from ground level.

2.2 Structure

: Rectangular box type welded construction made out of MS angle 30 x 30 x 3 mm in which bottom face with 4 holes which according to top holes of stand. Four pedal stake should be fitted on top face so that center distance between shaft 195mm and one shaft keep 100 mm from right end of box.

Size (mm)

: 385 x 300 x 150

Method of fixing stand and Structure

: Nuts & bolts fit them.

88/89

95

359

2.3 Safe guard :-

Material : 6-mm diameter MS rod
Size (mm)
-Diameter : 1185
-Width of guard : 160
-Diameter of small forward ring: 260 mm
- Nos. of 'L' type rod : 16 nos.

2.4 Horizontal support :-

Material : 20 x 20 x 3 mm MS angle
Size : 1235-mm length with two holes for fitting on structure 60 mm from top face. Two holes at the end of angle for safe guard clamping.

2.5 Vertical support :-

Material : 20 x 20 x 3 mm MS angle
Size : 1235-mm length with slot 20 mm from 500 mm of one end. Two holes at the end of angle for safe guard clamping.

2.6 Clamp :-

Type : 'L' type from MS angle
Size : 4 nos. 20x 6 x 3 mm' x 30mm length with hole.

2.7 Flange :-

Type : Bush type Flange
Material : Cast iron
Size : 105 mm diameter x 12 mm thickness & 30 mm bush height with 16 mm dia. Of hole.

(897)

38

- 2.8 Connector :-
Material : MS
Length : 105 mm
Thickness : 3 mm with three holes of 60 at PCD 72 mm
- 2.9 Blade fig. 1:-
Material : Aluminum
Length : 473 mm
Width : 130 mm at one end & 160 mm second end
Thickness : 1.6 mm (16 SWG) with three holes of 60 at one end with required curvature.
- 2.10 Shaft for small Gear:-
Material : 19 mm diameter of MS round bar
Length : 320 mm
Construction : Distance between bearing no. 6203 is 108 mm from 75 mm of one end. Counter should be done for gear, Flywheel & flange.
- 2.11 Shaft for Dig Gear:-
Material : 19 mm diameter of MS round bar
Length : 320 mm
Construction : Distance between bearing no. 6203 is 108 mm from 30 mm of one end. Counter should be done for big gear & faces for handle.
- 2.12 Bearing :-
Material : Bearing steel
Size : 6203 no.
- 2.13 Pedestal:-
Material : Cast iron

(97)

10

(97)

1351

Size

: Bearing 6203 should be fitted.

Base size -130 x 25 x 12 mm thickness and
center distance of bearing 52 mm.

2.14 Bearing coverall :-

Material

: PP

2.15 Big Gear:-

Material

: Cast iron

Size (mm)

PCD

: 252 mm

No. of teeth

: 120

Width of gear

: 23 mm

Arm thickness

: 13 mm (4 nos.)

2.16 Small Gear:-

IS 1070 - 1991

FIG. 3 FLYWHEEL

5.3 Main Shaft

The one end of the main shaft shall be rigidly attached at the centre hole of flywheel and other end may be supported on a plumber block. The length and diameter of the shaft (see *A* and *B* in Fig. 4) shall be 400 mm and 30 mm respectively. Plumber block shall be provided with bush or ball bearing.

5.4 Worm

The worm shall be fitted on the main shaft. The hole size of the worm (see *A* in Fig. 5) shall be such that it should push fit on the main shaft. The outer diameter and length of the worm (see *B* and *C* in Fig. 5) shall be 75 mm or 80 mm and 155 mm respectively. The pitch of the worm (see *D* in Fig. 5) shall be 25 mm. It shall be provided with two holes for proper fixing to the shaft. The distance of centre of hole from the end of the worm (see *E* in Fig. 5) shall be 50 mm or 13 mm.

NOTE — The pitch of the worm at both ends shall be 25 mm but teeth at one end may be double start to enable to have two chopping length by reversing the worm.

5.5 Worm Gears

There shall be two gears; one located at upper side and other at the lower side of the worm. The outer diameter of the gears (see *A* in Fig. 6) shall be 125 mm or 133 mm and there shall be 15 teeth in each gear. At the option of the purchaser the gears may have 11 or 13 teeth. The gear shall be attached with axles by hexagonal bolts.

5.6 Feed Rolls

There shall be two feed rolls. The length and outer diameter of the rolls (see *A* and *B* in Fig. 7) shall be 207 mm and 75 mm or 85 mm respectively. Each roll shall have eight projections on circumferential periphery. The lower roll shall have 11 full teeth and upper roll 10 full and two half teeth on lengthwise fixing the axles (see *C* in Fig. 7).

FIG. 4 MAIN SHAFT

(207 mm)

FIG. 9 SHEAR PLATE

FIG. 10 BACK PLATE

5.12 Stand

Stand shall consist of four legs, leg supports and one finger in each leg. The leg shall be made of angle section of minimum 50 mm × 50 mm × 2 mm size. The leg support may be detachable or riveted with the leg. The fingers may be a separate component attached to the leg or may be made by taking out at the bottom of each leg. The total height, length and width of the stand (see A, B and C in Fig. 11) shall be minimum of 750 mm, 600 mm and 550 mm respectively. In one of the legs a hole of 10 mm shall be provided at a point coinciding with the hole made in the rim of the fly wheel.

5.13 Allowable deviations for dimensions without specified tolerance shall be as given in IS 2102 (Part 1).

6 OTHER REQUIREMENTS

6.1 The worm gears should as far as possible, be

enclosed and should preferably be run on an oil trough.

6.2 The bearings shall be completely enclosed and shall have provision for lubrication.

6.3 Provision shall be provided to change the inclination of the plane of the cutting knives to the plane of rotation of fly wheel to avoid feed interference.

6.4 Provision to change the direction of rotation of feed rolls should be provided.

6.5 Hooks at suitable places may be provided for lifting the chaff cutter for easy movement.

6.6 The maximum height of cranking from ground level shall be within 800 to 900 mm. The cranking radius shall be 250 to 350 mm (see B in Fig. 3).

6.7 All the three sides of shear plate shall be in one plane.

6.8 The blades shall conform to IS 1511.

347

6.9 Operational manual giving operational, maintenance, assembly instructions and adjustments shall be supplied by the manufacturer with each chaff cutter. Instructions for safe operation of chaff cutter shall also be provided.

7 TESTS

7.1 Idle Run Test

Fix the chaff cutter on level and preferably on hard surface. Operate it for 30 minutes. During the operation, observation shall not show the following:

- a) Presence of any marked oscillation,
- b) Presence of knocking or rattling sound,
- c) Obstructions in running of shafts in bearings, and
- d) Any marked unusual wear or slackness in any component.

7.2 Test for Variation in Cut Length

7.2.1 Installation

Fix the chaff cutter firmly on the level and preferably hard surface. Set the clearance between blade and shear plate and make other adjustments in accordance with the manufacturer's recommendations for cutting a particular length of the chaff.

7.2.2 Fodder

Take sufficient quantity of fodder to be cut. The fodder should be of same variety and free from roots. The length of the fodder should, as far as possible, be the same.

7.2.3 Theoretical Length

The theoretical length of the fodder to be cut shall be

obtained by the following formula:

$$x = \frac{n}{N} \times \frac{22 \times D}{7 \times R}$$

where

- x = Length of cut, mm;
- n = rev/min of feed roll;
- N = rev/min of fly wheel;
- D = Diameter of the feed roll; and
- R = Number of blades.

7.2.4 Operation

Operate the fly wheel of the chaff cutter at 50 rev/min and feed the fodder manually. Ensure that the feeding is done continuously and covers full width and height of the throat. The feeding should be done from root side of the fodder. While feeding, a rigid plastic pipe of diameter of 12 mm to 15 mm and 2 m in length shall be fed along with the fodder. Duration of the operation shall be such that at least 25 pieces of plastic pipes are cut.

7.2.5 Measurement

Select 25 pieces of plastic pipe and measure the length of each piece in mm. Obtain the average length of cut.

7.2.6 Observation

Compare the average measured length of cut with the theoretical length (see 7.2.3). The variation in length shall be not more than 5 percent.

8 SAFETY REQUIREMENT

8.1 Each manually-operated chaff cutter shall be

(108)

FIG. 11 STAND

(107) (108)

8.1.2 Front Safety Guard

A front safety guard shall be fitted on each knife blade tightly as a safety device (see Fig. 14).

8.1.3 Gear Cover

Worm and pinion assembly shall be covered from all the sides by a metal sheet as shown in Fig. 13.

8.1.4 Warning Roller

A warning roller which is a sort of idler roller with spring (see Fig. 15) shall be fitted just before the feeding rollers as an alternate to cover chute (see 8.1.5).

8.1.5 Covered Chute

The trough on the shear plate side shall be covered upto a length of 450 mm minimum (see 8.1.4).

8.1.6 Blade Cover

Each blade shall be covered with a cover. A typical shape and dimension of the blade cover is given in Fig. 16.

8.1.7 A minimum cautionary notice worded as follows shall be written in vernacular language legibly on a label preferably fixed on the main body of the chaff cutter:

- Do not wear loose dress, bangles, watch, etc, while feeding the fodder;
- Do not smoke and light fire near dry fodder being cut;
- Do not work under the influence of intoxicants like liquor, opium, etc;
- Children and aged persons should be discouraged for working;
- Do not push small fodder by hand, use pushing device;
- Put the cover on blade after completing the work;
- Lock the flywheel with the locking pin after work; and
- Never bring hand near feed rolls and open blade.

9 WORKMANSHIP AND FINISH

9.1 All the components of the chaff cutter shall be free from cracks and such other defects that may be detrimental for their use.

9.2 The cast iron components shall not be porous. Welding, if done, shall also not be porous.

9.3 All exposed metallic surfaces shall be free from rust and may be painted, if required.

All dimensions in millimetres.
FIG. 15 WARNING ROLLER

All dimensions in millimetres.
FIG. 16 BLADE COVER

10 MARKING AND PACKING

10.1 Marking

Each chaff cutter shall be marked with the following particulars.

- a) Manufacturer's name or registered trade-mark, and

- b) Code and batch number.

10.2 BIS Certification Marking

Each chaff cutter may also be marked with the Standard Mark.

10.2.1 The use of the Standard Mark is governed by the provisions of *Bureau of Indian Standards Act, 1986*

344

Price Group 9

6 SIZE

The cookstove (*Chulha*) shall be of the following sizes based on the corresponding heat and power output rating:

A. Domestic cookstove (*Chulha*)

Power output rating	0.5 to 3.0 kW _a
Size	Power output rating kW
Small	Above 0.5 and up to 1.0
Medium	Above 1.0 and up to 2.0

Large

Above 2.0 and up to 3.0

B. Community/Commercial cookstoves (*Chulha*)Power output rating Above 3 to 10 kW_a

7 MATERIALS

7.1 Different parts of the cookstove shall be made from the materials by referring relevant Indian Standards to meet the required performance parameters and 5 000 h of burning cycles or 5 years of durability whichever is

PART No.	QNTY.	DESCRIPTION

NOTES

1 Avoid sharp edges, slots shall be rounded off suitably.

2 Cast iron top plate shall be made in cup shape and shall be fixed from outside to the barrel. Appropriate pan support shall be provided in casting to accommodate smaller/larger and round/flat shapes of pots. The total area of slot opening shall be kept overall height of the outer pot support to be kept as per dimensions.

3 Legs of *Chulha* and the legs of cast iron grate shall be 120° apart.

All dimensions in millimetres.

higher. Relevant Indian Standards of materials are given in Table 1 which is for guidance only.

8 DIMENSIONS AND TOLERANCES

8.1 Some typical designs of solid biomass cookstoves are given in Fig. 1 to Fig. 4 for reference.

8.2 Tolerance

Dimensional tolerances shall be ± 3 percent, where not specified. However, for cast iron and ceramic components, if the value comes less than 1 mm then the tolerance shall be ± 1 mm.

9 MANUFACTURE AND WORKMANSHIP

9.1 Various components of the cookstoves shall be manufactured as per standard engineering practices.

9.2 The construction of the cookstoves shall be sturdy

so that while in actual use on level floor they do not get shaky or yield at any point.

9.3 Electric/Battery and other components shall confirm to Indian Standards or equivalent International Standards available for similar components.

9.3.1 Battery

- Battery shall not be more than 3 W/kW input power of the stove
- Battery shall be usable for a minimum 4 h without recharging

9.3.2 Charging

- Charging time shall not be more than 6 h.
- Connecting plug pins of the charging unit shall confirm to the Indian Standards.
